

GET TO KNOW THE SUPPORT PLATFORM

8 WAYS TO USE

www.TheSupportPlatform.com

1) MAKE A PHONE CALL

Nothing is more damaging to efficiency than wasted time. Have a Quick Call about The Support Platform to discuss your practice situation and available resources.

2) IDENTIFY MANAGEMENT ISSUES

Preview the Guidance topics to see the scope of topics discussed. If your practice is not versed on these issues, consider a subscription to The Support Platform to get up to speed.

3) ASK A QUESTION

Sometimes, a little bit more information is needed to reach a decision. Ask a Question doesn't guarantee an answer, but it could help--and it's free.

4) READ THE POSTS

Periodically, specific practice management issues are highlighted in a Post. A subscription to The Support Platform provides additional information.

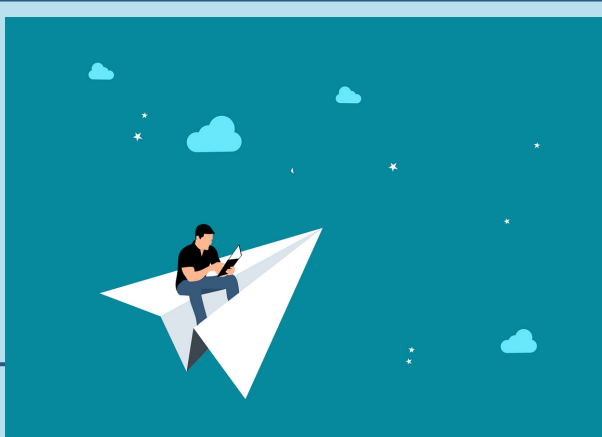

5) RECOMMENDED READING

It is good to stay current with practice management issues and trends. Visit the Recommended Sites guide for some of the more useful websites.

6) GET GUIDANCE

If you are starting a practice or responsible for practice management, a subscription to The Support Platform provides access to the Guidance section.

7) CONNECT TO VENDORS

All subscriptions have access to Vendor Referrals. Tier 2 and Tier 3 subscriptions can download vendor lists for EMRs, consultants and general vendors.

8) MOVE FORWARD

Use The Support Platform to move your practice forward with a Practice Review, Business Plan or Practice Specific Consulting.
